Highland Stag Package

5 days | 4 nights | 3 hunting days | Red & Sika Stags

From \$6,500 per hunter - all inclusive

Overview

Hunt Red and Sika stags across 7,000 acres of open hill and forestry in the Scottish Highlands. This is stag stalking at its finest - glassing from a ridge, reading the wind, belly crawling through heather, and earning every shot the hard way. At the end of the day, you head back to the lodge for a whisky by the fire.

The stalking ground sits two hours north of Inverness Airport in Sutherland, one of the last true wilderness areas in Britain. The terrain is a mix of open moorland and forestry, offering both technical woodland stalks and longer hill approaches across dramatic, wide-open ground. You'll hunt with an experienced local stalker who knows every inch of it.

You'll stay at Garvaul House - mainland Britain's most remote hotel, featured on Channel 4's *World's Most Secret Hotels*. Set deep in the Sutherland wilderness with no other building in sight for 20 miles, evenings are spent around the peat fire in the library or swapping stories from the day over a three-course dinner of locally sourced game and wild trout. All meals and drinks are included - house wines, beers, and spirits - and we're happy to arrange specific bottles on request.

The trip is suitable for up to four hunters and observers. While hunters are on the hill, observers can enjoy guided day tours of the Scottish Highlands - castles, whisky distilleries, wild beaches, and some of the most dramatic coastal scenery in Britain.

Meet Your Outfitter: George

George is a passionate advocate for all things hunting, fishing and the outdoors. Raised on his family farm in the South of England, he developed fieldcraft skills from an early age, and never lost the connection.

After graduating from Durham University, George worked as a management consultant in London for six years. However, he realized his true calling was to reconnect with nature. He made the decision to move to the Outer Hebrides in Scotland, where he became a professional deer hunter and fishing guide. This experience ignited his enthusiasm for guiding guests and creating unforgettable experiences that they would cherish for a lifetime.

He founded Griffin Sporting Club to offer visiting hunters the opportunity to experience the outstanding fieldsports available across the UK, all delivered with a thoughtful and traditional manner. George looks forward to sharing these remarkable experiences with you!

Accommodation & Hospitality

Guests stay at Garvault House - mainland Britain's most remote hotel, featured on Channel 4's *World's Most Secret Hotels*. Set deep in the Sutherland wilderness with no other buildings in sight for 20 miles, it's the kind of place most people will never find.

The house is run by archaeologists and feels more like a private home than a hotel. Evenings are spent around the peat fire in the library, or in the drawing room with a dram - there's a piano, board games, chess, and shelves of books if the conversation runs dry (it won't). Dinner is served communally at one long table each night, with locally sourced game, wild trout, and home-cooked food that punches well above its weight.

Bedrooms are individually furnished with ensuite bathrooms and views over the lochs and hills of the Flow Country. The house is off-grid - no cell signal, no distractions, just big skies and brilliant stars. Wi-Fi is available for those who need to check in back home.

Expect a cooked breakfast each morning, a packed lunch for the hill, and a three-course dinner in the evening. House wines, beers, and spirits are included, and we're happy to arrange specific bottles on request.

Trophy Exports

We handle the hard part. After your hunt, we'll prepare your trophy and hand-deliver it to our export partner, who has decades of experience shipping trophies to the US. They manage all the paperwork, USDA documentation, and customs clearance - your trophy arrives at your door, typically within 60 days of your hunt.

Red deer and Sika are non-CITES species, so no special permits are required on the US import side. You'll pay the export company directly for shipping and handling. We'll connect you with them before your trip so you know exactly what to expect.

What to bring

Don't worry if you don't have all of this - we can advise and help source kit before your trip.

Clothing Footwear

- Waterproof, breathable jacket (in muted / natural colors)
- Waterproof over-trousers
- Sturdy, waterproof hiking boots
- Warm mid-layers (fleece or wool)
- Base layers
- Stalking trousers (quiet fabric, neutral colors)
- Warm hat and lightweight cap
- Gaiters (recommended in wet or rough ground)
